

Fact Sheet

SUBJECT: Leadership Development Program (LDP)

1. PURPOSE. To provide BOD members with information on the first LDP class so they can encourage participation.
2. FACTS.
 - The LDP is a three-year program aimed at preparing GS-12s and 13s for leadership positions.
 - The program consists of classroom training, mentoring and a six-month developmental assignment.
 - Two hundred and seventy-nine (279) applications were received and all were approved.
 - The 279 applications were divided into three groups using a lottery system by social security number. While group one is on developmental assignment, the other two groups should be attending class and receiving mentoring from their mentor.
 - Applicants were advised on 8 Feb of which group they were assigned to and when the development assignments would begin. Group one will begin assignments on 15 March and complete 15 September. Group one assignments must be accomplished this year because it is a one-year money.
 - Applicants who do not accept their arrangements will be dropped from the program until the next open season (3 years).
 - Attached is a copy of program participants as submitted by the MAJCOMs and Divisions.
3. EXPECTED BOD ACTIONS. None.
